Edric Theatre Technical Specification

Please note that all details are subject to change. Inclusion of equipment in this specification does not guarantee its availability or that it is operational. Please confirm any requirements with technical staff at least 14 days prior to an event.

Contact details:

Technical Theatre Manager: Alan Power

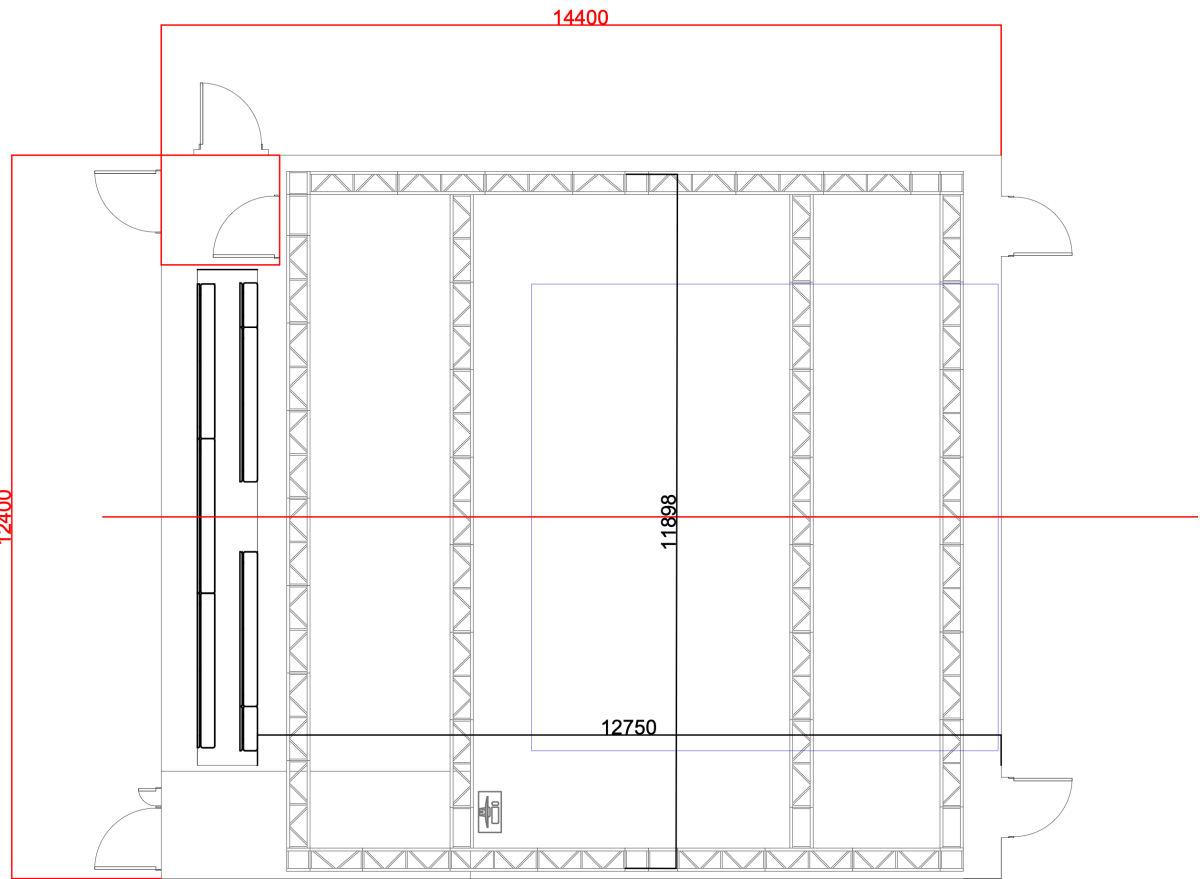

Email: edrictheatre@lsbu.ac.uk

Tel: 0207 835 5856

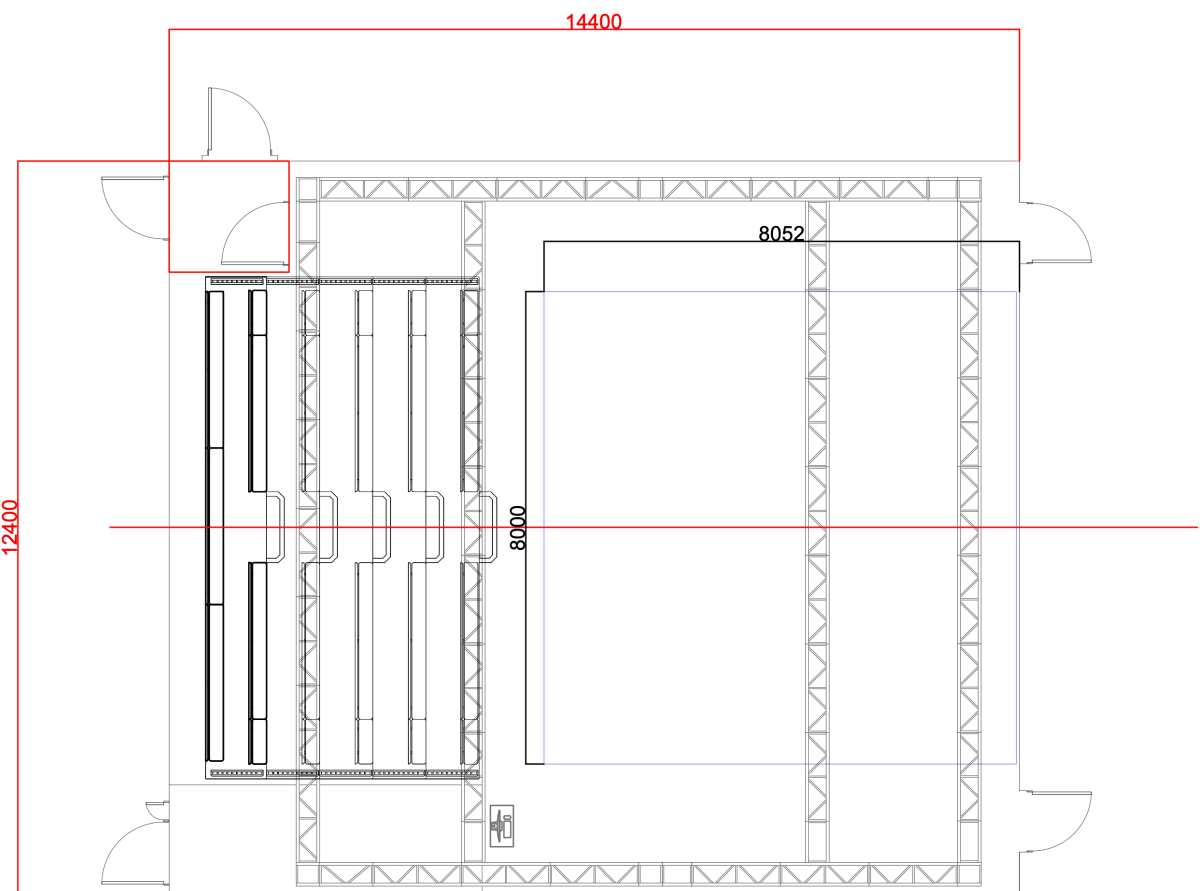

Address: 103 Borough Road, London. SE10AA.

The Edric theatre is a small studio theatre within London Southbank University. It is primarily used as a training and performance facility within the School of Arts and Social Sciences. Please Contact us for further information about making bookings.

Seating Bank Retracted

Seating Bank Extended

Dimensions: 14440 x 12440mm

Auditorium / FOH:

- 80 padded bench style seats
- 2 wheelchair positions are available by request. (Each wheelchair reduces capacity by 2 seats)
- Seats are on motorised raked unit and can be pushed back to create a 'flat floor' set-up.

There is a small foyer area and Green Room space front of house. Green Room space is equipped with chairs, tables and a 48" TV screen with speakers for presentation and music playback.

The Green Room is also equipped with a large fridge.

Stage:

- Normal playing area: 8000mm x 8000mm
- Flat Floor area: 8000mm x 11200mm

Stage surface is black painted ply.

8x8m Harlequin black dance floor is laid as standard. Dance floor is reversible, with projector ready grey on underside.

No fixings can be made into the stage surface.

Wing space is limited. It is 1.5m on average but there are fixed lighting booms and equipment racks in some locations.

Rigging:

- Fixed Litec QX40 Truss grid @ +5000mm
- 4 rigging positions -11000mm span
- Positions from setting line
- LX1 @ 3000mm
- LX2 @ 200mm
- LX3 @ -4500mm
- LX4 @ -7000mm
- 6 x Booms fixed DS,CS and US on stage right and left.

Please contact us for more information about rigging positions etc.

 - DMX 3 - LED and Movers
- 8 x Zero 88 Spice Rack dimmers
- 6 x Socapex to 6 way 15A IWB's
- 1 x 6 ways of local 15A
- Dimmers are fed from 2 x 63A single phase
- LED and Moving fixtures are powered from 2 v 16A distro
8 x 16A
- Distros fed from 2 x 63A Single phase. (4 x 16A spare capacity).

Lighting Fixtures:

Please contact us for current Generic, LED and Moving lighting fixture list.

Sound:

Control:

- Digico S-21 mixing desk
- D-rack stage box (32 in, 16 out) – normally located USL

PA:

- 2 x Martin Audio X-15 full range speakers (L & R)
- 2 x Martin Audio X-115 Subs (L & R)
- 2 x Turbosound TXD12m Monitors (onstage fold-back L & R)
- 2 x Crown Audio XLI 2500 amplifiers
- 1 x QSC PLX 1804 amplifier
- 1 x DriveRack PA2

Microphones:

- 4 x Shure SM58
- 3 x Shure SM57
- 4 x Sennheiser XS Wireless 1 handheld radio mics
- 3 x Berhinger active DI box
- 4 x Citronic RU105 radio mic beltpacks

AV:

There is a stand-alone AV system that can be used without technical supervision.

- 1 x Epson EBG665OWU projector
- 1 x InFocus UN124STa downward facing for floor projection
- 1 x VGA input
- 1 x 3.5mm jack audio input
- A limited amount of cable and other projection equipment may be available upon request.

Masking:

The sides of the truss are masked with black wool serge legs (US-DS). There are mid-stage legs 4500mm from setting line. 1500x5000mm.

There are three Halls T-60 tab tracks:

Upstage split black wool serge. 1000mm downstage of back wall.

Downstage split black wool serge. 2000mm upstage of setting line. Full black wool serge drape to mask seats when retracted.

All tabs are NDFR with 50% fullness.

Dressing Rooms:

There are 2 dressing rooms, each with chairs and sofa, lit mirrors and dressing table area, toilet, shower and clothing rails.

Steam iron and ironing board available upon request.

Load in / Parking:

Load in is either via stairs or small passenger lift. Dimensions and SWL TBC.

Smallest door for access to stage is 1000x1920mm.

(note: that's a 7ft diagonal. Items bigger than 2130 in more than one dimension will not fit).

Our load in is neither easy nor convenient. If you're bringing in more than some furniture and a few stands please contact us in advance to discuss.

There is limited parking on Borough Road.

Charges apply 8.30pm – 6.00pm Monday to Friday.

There is no on-site parking. Please check your arrangements before arrival. There are some local pay and display car-parks, but free parking is very limited in the area.

Load in is either from Borough Road or from a gated service road. If you are bringing a van please contact us and provide make/model, registration number and driver name. There is no parking so the van will need to be moved following load in.
